

Dear Donors,

*We've done so much, yet there is still so much to do! 2016 has been a very challenging year.*

And thanks to your continued support, I know that we will reach new heights in the coming year. As AHEAD is celebrating 25 years of service to those in need in our communities, our team is even more dedicated to truly making a difference in the lives of our neighbors - - several hundred affordable rental units developed over the past 25 years, and 28 more in the 2017 pipeline!

Because of your generous contributions, we have been able to renovate and revitalize historic buildings and turn them into affordable housing for families and seniors. We educate our families with innovative programs that combat generational poverty. I wish you could see firsthand the impact and joy of seeing someone realize the dream of homeownership!

*We offer real programs, real solutions, and real change in the lives of our neighbors.*

The achievements of this community effort are staggering!  
In 2015 alone...

- **59 families became first-time homebuyers**
- **257 homebuyer education participants**
- **192 homeowners received foreclosure prevention services**
- **47 homeowners avoided foreclosure and are still in their homes today!**

*I'm sending you this letter for two reasons:*

The first is to give you my sincere thanks for your support of the work that we do.

The second is to ask you to please use the enclosed envelope to send in your tax deductible gift to AHEAD.

Please consider making a multi-year commitment. With your generous support, and the dedicated effort of our team, we can continue building a better life for everyone right here in northern New Hampshire!

My sincere thanks and appreciation,

Michael C. Clafin - Executive Director
